

Presidio Summer Camp Financial Assistance FAQ

If you already receive FA for Membership, you still need to submit supporting documentation. FA for Summer Camp may be a different percentage than you are receiving for Membership (if applicable). FA is awarded by percentage, this year the maximum a family can receive is 50% per session.

The week following April 15th, a committee meets to discuss and approve applications. Offer letters are sent by mail to the awardees. The awardees have until May 15th, 2019 to accept or decline our scholarship offered. Award letters may also include an additional camper profile form our grantor to be completed (if applicable) this form must be returned with your award letter. Once we receive the signed offer letter back, our Admin. Team processes the scholarships for the awardees and all the camp payments will be scheduled for two weeks prior to the start of the camp. If an applicant declines our offer, we will refund any funds paid into the camps registered (deposits).

FA is awarded by percentage, this year the maximum a family can receive is 50% per session.

After approval process has been completed, all tax documents will be destroyed or returned on request.
