# WHY THE Y MATTERS

---

## FOOD SECURITY

The Y serves those who struggle with food insecurity by providing more than 7,000 individuals and families each month with food pantries throughout San Francisco, San Mateo, and Marin counties through our partnership with the SF-Marin Food Bank.

## WORKFORCE DEVELOPMENT

The Y is embedded in the communities that have been among the hardest hit by unemployment and inequality. We address unemployment and underemployment through targeted workforce development strategies including skills building, job readiness training, and job placements.

## COMMUNITY LEARNING HUBS

The Y has been and will continue to be here for families supporting distance learning through in-person morning, afternoon and full-day academic and enrichment support at safe spaces throughout the Bay Area and through virtual outlets through our partnership with SFUSD, DCYF, and UCSF.

## CONNECTION TO NATURE

The Y of San Francisco believes that time spent outdoors helps us to be our healthiest, best selves. We continue to provide healthy outdoor opportunities for all members of our communities through: tennis, outdoor wellness windows, outdoor personal training, YRangers camp, outdoor wellness hikes, bike rides, runs, and group exercise programs.
