This group goes on field trips that stay closer to home and has some quiet time built into the daily schedule, to ensure they are eased into the camp experience. They will spend their days playing, making friends, learning, and having tons of fun!

COUNSELOR IN TRAINING PROGRAM
This camp provides a unique opportunity for teens to hone their leadership skills, gaining valuable training in team work, decision making, and supervision. Counselors in Training develop self-confidence and independence in a safe, nurturing environment. CITs also get lessons in risk management, working with children, games & songs, and more. CITs spend one week together (Session 3) learning interview skills, attending trainings, learning camp policies, and becoming a team. They then have the opportunity to sign up for Field Work Sessions, in which they will be assigned a camp group and support the camp day. CITs assist counselors, chaperone field trips, lead games, work with individual campers to support the entire camp group. CITs will also have opportunities each week to be campers and go on CIT-only excursions. There they will continue their team building and training while having a break for some summer fun. Attending all 5 days of the training session is mandatory to be eligible for Field Work.
